

## FEDERAL VOTING ASSISTANCE PROGRAM

DEPARTMENT OF DEFENSE  
WASHINGTON, DC 20301-1155

September 17, 2007

Honorable Betty Ireland  
Secretary of State  
1900 Kanawha Blvd, E  
Building 1-Suite 157K  
Charleston, West Virginia 25305

Dear Secretary Ireland,

I would like to thank you for the work you and the state of West Virginia have done over the past several years to promote and support the legislative initiatives the Federal Voting Assistance Program (FVAP) has recommended. The 2006 elections pointed out the importance of the states enacting these legislative initiatives. In particular, the provision of 45 or more days for ballot transit; electronic transmission of Federal Post Card Applications, blank ballots, and voted ballots; and, authorization for the state chief election official to implement emergency measures. States with these provisions were able to support a greater number of situations faced by our brave men and women serving in combat areas such as Iraq and Afghanistan, and other U.S. citizens worldwide. I would ask you also to consider alternative methods that these citizens could use to request their absentee ballots such as phone, email or by proxy, and utilizing digital signatures with electronically transmitted materials.

After reviewing West Virginia's existing election code and procedures, I have identified four initiatives that the West Virginia legislature might consider during the upcoming legislative session. These initiatives are discussed in detail with suggested wording in the enclosed legislative initiatives document. If these initiatives are enacted and signed into law, they would significantly help to facilitate the absentee voting process for West Virginia's citizens covered by the *Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA)*. Information available to FVAP indicates that there are 10,272 Uniformed Services members, an estimated 7,700 family members and approximately 25,500 overseas citizens that claim West Virginia as their voting residence.

As you review the enclosed initiatives for possible inclusion in West Virginia's 2008 legislative agenda, please do not hesitate to contact us for assistance. We can provide legislative wording that other states have enacted to implement similar measures and provide written or in-person testimony, if desired. We have come a long way in simplifying the absentee voting process since the enactment of the *UOCAVA*—let's continue our joint efforts to achieve the simplest possible absentee voting process while maintaining its integrity.

Sincerely,

A handwritten signature in cursive script, reading "J. Scott Wiedmann", is written over a horizontal line.

J. Scott Wiedmann  
Deputy Director

Enclosure:  
2008 Legislative Initiatives and Suggested Wording

## West Virginia 2008 Legislative Initiatives and Sample Language

### Emergency Authority for Chief Election Official

During a period of a declared emergency or other situation where a short time-frame for ballot transmission is created, it is recommended that **West Virginia's Chief Election Official have the authority to designate alternate methods for handling absentee ballots** to ensure voters have the opportunity to exercise their right to vote. The Chief Election Official and the Federal Voting Assistance Program could establish expeditious methods for handling absentee ballots including electronic transmission.

### Sample Language

*If a national or local emergency or other situation arises which makes substantial compliance with the provisions of the Uniformed and Overseas Citizens Absentee Voting Act impossible or unreasonable, such as a natural disaster or an armed conflict involving United States Armed Forces, or mobilization of those forces, including State National Guard and Reserve components of this state, the Chief Election Official may prescribe, by emergency orders or rules, such special procedures or requirements as may be necessary to facilitate absentee voting by those citizens directly affected who otherwise are eligible to vote in the state.*

*The Chief Election Official shall adopt rules describing the emergency powers and the situations in which the powers will be exercised.*

### Late Registration Procedures

We recommend that **West Virginia allow persons recently separated from the Uniformed Services or overseas employment, and their family members, to be able to register late or be exempt from registration.** Many of these citizens go through a transition period when they first leave the Uniformed Services or overseas employment and may reside in your state just prior to an election and this time frame does not meet your state's normal residency requirements. Often, the date of discharge or termination of overseas employment and a state's registration requirement combine to disenfranchise a discharged military member or overseas citizen returning home after employment abroad. Special procedures to allow these persons to register and vote would solve this problem. **Twenty-nine** states currently allow such procedures.

### Sample Language

*An individual, or accompanying family member who has been discharged or separated from the Uniformed Services, the merchant marine, or from employment outside the territorial limits of the United States, too late to enable him or her to register by the regular state deadline for registration, shall be entitled to register for the purpose of voting at the next ensuing election after such discharge, separation, or termination of employment.*

## **State Write-In Absentee Ballot**

We also recommend West Virginia provide a state write-in absentee ballot for all elections. The purpose of the state write-in absentee ballot is to **provide a method for voting by military and other persons overseas who, due to military contingencies or special circumstances such as those faced by submariners, Peace Corps volunteers, missionaries or others in remote areas, will be out of communication for extended periods of time and unable to receive the regular ballot from your state in the normal time frame.** A voter could request a state write-in absentee ballot 90 days in advance and write in the names of the candidates or party preferences. The voter knows in advance that he or she will not be able to receive, vote, and return the regular ballot from the State in time to be counted. **Twenty-seven** states now provide state write-in absentee ballots.

This state write-in absentee ballot should not be confused with the Federal Write-In Absentee Ballot (FWAB) that is prepositioned at Embassies and Consulates, military installations, overseas organizations and corporations. In comparison, the FWAB is generally only available to Uniformed Services voters and overseas citizens who have already applied for a regular ballot from the State. They do not know in advance that they need the FWAB. However, if the regular ballot from the state does not arrive in sufficient time for the voter to return the voted ballot and meet the state deadline, these voters may obtain, vote, and return the FWAB to the local election official.

It is also important to note that a state write-in absentee ballot usually provides a "full" slate of offices to be voted upon including Federal, state, and local offices. On the other hand, the FWAB generally allows voting for Federal offices. There are currently **thirteen** states that have expanded the use of the FWAB beyond Federal law. The revised FWAB was designed to accommodate its use beyond the general election and Federal offices only.

## **Sample Language**

*If the voter is a U.S. citizen residing outside the United States, or a member of the United States Uniformed Services, or merchant marine, or a family member, and a qualified elector, he or she may request, not earlier than 180 days before an election, a state write-in absentee ballot. The voter must submit with the request a statement that provides that due to military or other contingencies that preclude normal mail delivery, the elector cannot vote an absentee ballot during the normal absentee voting period. The state will make the ballot available "90 to 180" days before the election.*

## **Expand Use of Federal Write-In Absentee Ballot**

- Use of FWAB as a Combined Request for Registration and Ballot Submission:

For those citizens that desire to vote in elections for Federal office only, the acceptance of the FWAB voter declaration as **a request for registration simultaneously with the submission of the FWAB** would further simplify the process, improve on transit time and help ensure

enfranchisement. It should be noted that the information requested on the voter declaration is basically the same as the information that is requested from the voter on the Federal Post Card Application (FPCA). We recommend the FWAB be accepted simultaneously as a registration form and ballot by the state for general election and Federal offices if:

- (1) the information submitted complied with the territory's registration requirements;
- (2) the voter is otherwise eligible to vote absentee in the jurisdiction where the request is submitted;
- (3) the request is received by the appropriate state election official not less than 30 days before the election or by the registration deadline established by the state.

The adoption of this initiative would save the state money and alleviate administrative responsibilities on the part of the chief election officer.
